

Lawal Mary

Data Analyst

Professional summary

Results-driven Data Analyst with hands-on experience in Python, SQL, Excel, and Power BI, gained through professional training, an industry internship, and multiple end-to-end analytics projects. Skilled in data cleaning, exploratory data analysis, dashboard development, and transforming complex datasets into actionable business insights. Passionate about leveraging data to solve real-world problems, support informed decision-making, and continuously expand expertise in analytics and machine learning.

Technical and Analytical skills

- Python (Pandas, NumPy, Matplotlib)
- SQL (Data Querying & Analysis)
- Microsoft Excel (Advanced Functions, PivotTables)
- Microsoft Power BI (Dashboard Development & Data Visualization)
- Data Cleaning and Data Transformation
- Exploratory Data Analysis (EDA)
- Data Visualization and storytelling
- Dashboard Development
- KPI Reporting and Business Intelligence
- Git and GitHub
- Machine learning (Currently learning)
- Problem Solving
- Analytical Thinking

Professional Experience

Data Analytics Intern: **DataX Labs | 2026**

- Analyzed datasets using Python, SQL, Excel, and Power BI.
- Cleaned and transformed data for accurate analysis.
- Built interactive dashboards and KPI reports.
- Performed exploratory data analysis (EDA) to identify trends.
- Wrote SQL queries to extract and analyze data.
- Developed visualizations to communicate business insights.
- Collaborated on real-world analytics projects.
- Supported data-driven decision-making through analytical reporting.

Soft Skills

Analytical Thinking
Problem Solving
Attention to Detail
Communication
Teamwork
Time Management
Continuous learning

Education

Lead City University

B.Sc. Human Nutrition and Dietetics

Expected Graduation: 2027
